

Churchyard & Umpleby Construction (Pty) Ltd. **ENVIRONMENTAL POLICY**

Churchyard & Umpleby Construction (Pty) Ltd. has committed itself to an environmental policy where it will:

- Develop Environmental Management Systems (EMS), based on ISO 14001, through a culture of environmental awareness and training.
- Commit to the prevention of pollution and strive to ensure continuous improvement of its environmental performance.
- Comply with the Environmental Management Plan (EMP) of its customers/clients and all relevant environmental legislation.
- Endeavour to influence sub-contractors and suppliers to strive for environmentally responsible practices.
- Monitor and modify environmental management through review and audit of environmental performance to ensure a responsible development.
